A BIBLIOGRAPHY OF FOSSIL MAN OF THE OLD WORLD

For those of you [including institutional libraries], who already have the first four (4) installments of this bibliography, may I apologize for the delinquency in bringing it up-to-date. This I am attempting to do at the present time, and will, hopefully, have two supplements completed by the end of the year.

If you have already received 1-2-3-4 of the installments already [according to my records], you will find a check mark placed in each of the boxes indicated below. [Your old order number will be listed here: _____]

- [] Part I: 1845-1955. 1959. 145 pp.
- [] Part II: 1955-1963. 1964. 100 pp.
- [] Appendix to Part I: 1845-1955. 1965. 215 pp.
- [] Supplement No. 1: 1963-1968. 1969. 72 pp.

I am presently collecting additional bibliographic references for two supplements:

Supplement No. 2: ? -1968. [to include past missed publications].

Supplement No. 3: 1968-1982. [to update the bibliography to the present].

** I am sending this form letter to you to ascertain if you will wish to obtain the two additional supplements. Many libraries have/had a Standing Order for this publication, but the old order number may have acquired cobwebs by now, and they you may wish to update your records/request. Knowing how many individuals or institutions who/which will want the supplements will help in knowing how many copies to print initially.

If there are any of you [either institutions or individuals] who do not presently have the monographs, and wish to place an order, orders will be accepted. However two of the four items are presently out-of-stock, so they will have to be reprinted and sent to you as soon as completed.

For individuals, would you please send me a list of your fossil man bibliography since 1962 [if not previously listed, or have been published since the issued first supplement]. I want to make certain that I have as many as possible of the published articles/books.

For individuals, or institutions, who wish to pay in advance [make checks payable to KATUNOB], this is possible, and I am offering a pre-publication price of \$2.00 each for the supplements, postpaid.

If Interested, please respond to this notification as soon as possible.
